

ANTICO  
CEPPO

# ANTICO CEPPO

## A long tradition in a glass of wine

The stump is the beginning of a lineage, of a variety, a tree or a plant. In Femar world, Antico Ceppo is the origin of a cluster of products that come from ancient land like

those of volcanic origin of Latium Area, where the international grapes used by Femar have been growing for a very long time.

  
ANTICO  
CEPPO

- PRIMITIVO DI MANDURIA -  
DENOMINAZIONE DI ORIGINE PROTETTA  
ROSSO RISERVA

Deep ruby red with garnet shades, smells of wild berries and plum jam, red currant flower, dry violet, spices, on a bottom of graphite and cocoa powder. Smooth, full bodied, fruity and spicy, well balanced and unbelievably persistent.
