# EPICURO

## For a timeless pleasure

The **Epicuro** wines family is very wide; its wines have strong personality, all with Protected Designation of Origin and Protected Geographical Indication.

The flagship of the collection are the wines of the **Premium Line**, each with its own personality and unique characteristics.

Among these: **Puglia Rosso Igp ottenuto da Uve Leggermente Appassite**, **Salice Salentino Doc Aged in Oak**, **Primitivo Di**

**Manduria Dop Riserva** and **Susumaniello Igp Puglia**. For all the wines, from the Classic Line to the Premium, are only required the best grapes, carefully vinified, respecting the tradition and using cutting-edge machinery.

This is how **Felice Mergè** cultivates excellence.

EPICURO
